Glove Assembly (make 2)

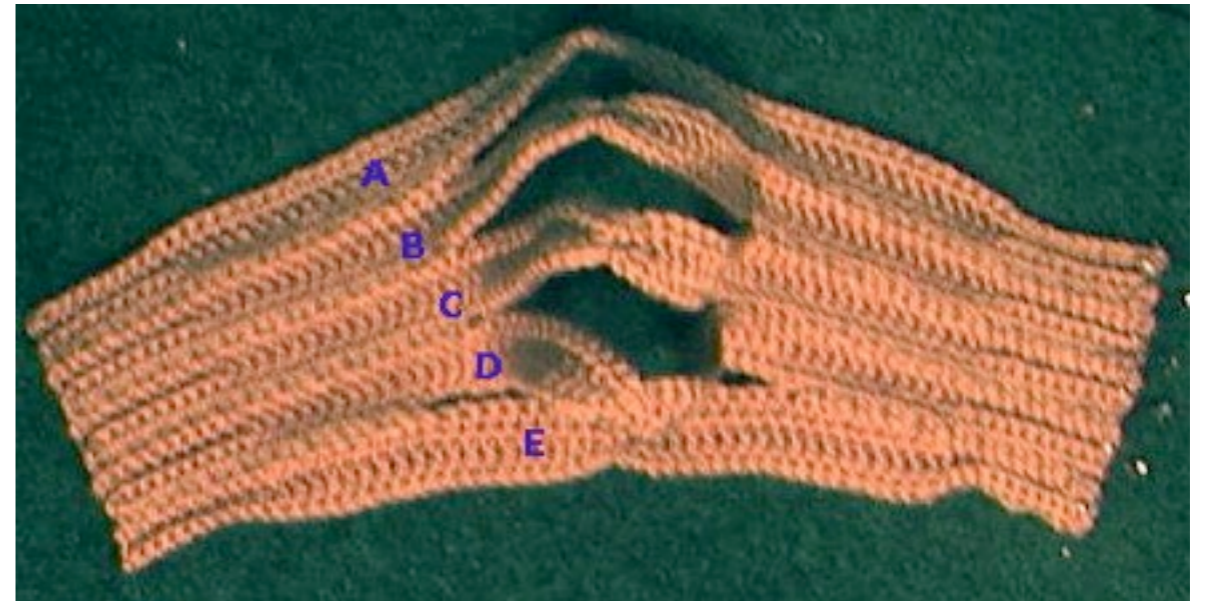

Step 1

Arrange pieces as shown, with the safety pins on the top right of each piece. (The "wrong" sides of the sc rows and the "right" sides of the dc rows should be facing up. With yarn needle and yarn, and starting at the safety pin ends, sew the first 27 stitches of piece B to the first 27 foundation chain bases of piece A by using a running stitch under both loops of the

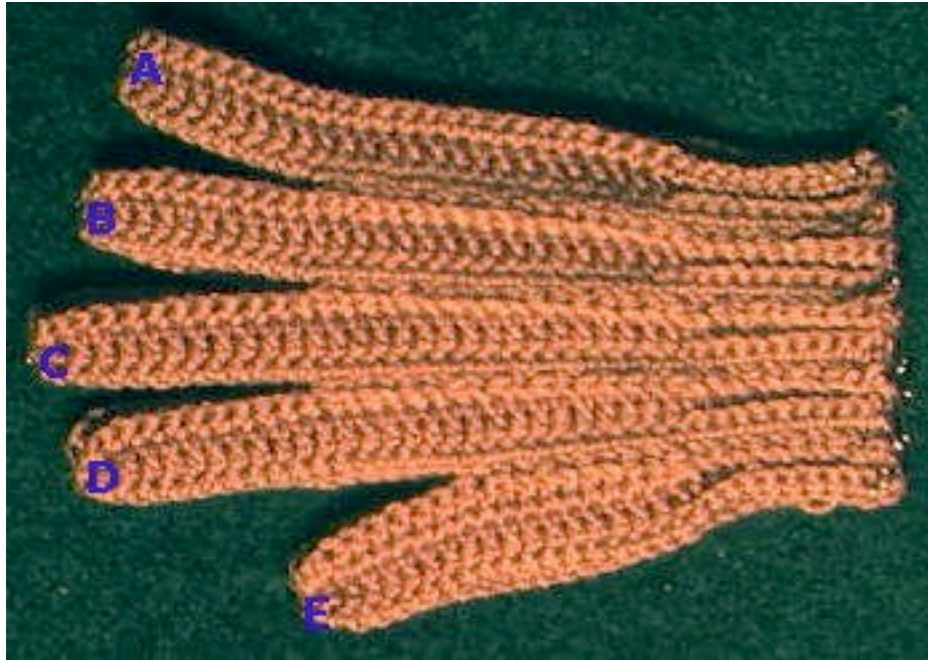

stitches and under the single loops of the foundation chain bases. Sew the first 27 stitches of piece C to the first 27 foundation chain bases of piece B. Sew the first 27 stitches of piece D to the first 27 foundation chain bases of piece C. Sew the first 20 stitches of piece E to the first 20 foundation chain bases of piece D.

Step 2

With yarn needle and yarn, and starting at the end opposite the safety pins, sew the first 27 stitches of piece B to the first 27 foundation chain bases of piece A by using a running stitch under both loops of the stitches and under the single loops of the foundation chain bases. Sew the first 27 stitches of piece C to the first 27 foundation chain bases of piece B. Sew the first 27 stitches of piece D to the first 27 foundation chain bases of piece C. Sew the first 20 stitches of piece E to the first 20 foundation chain bases of piece D.

Step 3

Fold glove in half at the sl st's (marked by the letters.) Starting at the wrist end of piece A, sew side seam of glove together, then run the needle through the sl st's at A. Continue sewing down piece A to close that finger, then sew up piece B. Run the needle through the sl st's at B. Continue sewing down piece B to close that finger, then sew up piece C. Run the needle through the sl st's at C. Continue sewing down piece C to close that finger, then sew up piece D. Run the needle through the sl st's at D. Continue sewing down piece D to close that finger, then sew up piece E. Run the needle through the sl st's at E, then sew down the thumb seam to close, finishing at the wrist. Weave in all ends.

Happy Crocheting!
